

Geography Awareness Week

Geography Entertainment - Video Games & Online Games

Geography can be celebrated in so many different ways! Some of our favourite video games and online games have great connections to geography. Whether it's using maps for navigation, finding and making use of resources, or playing immersive games that take you around the world, check out these games in celebration of geography!

Semaine de sensibilisation à la géographie

Divertissement en géographie - Jeux vidéo et jeux en ligne

La géographie peut être célébrée de tant de manières différentes! Certains de nos jeux vidéo et jeux en ligne préférés ont d'excellents liens avec la géographie. Qu'il s'agisse d'utiliser des cartes pour la navigation, de trouver et d'utiliser des ressources naturelles ou de jouer à des jeux immersifs qui vous font voyager à travers le monde, jouez à certains de ces jeux cette semaine et célébrez la géographie!

Video Games & Online Games / Jeux vidéo et jeux en ligne

Fortnite: Fortnite has a lot of geographical connections. The importance of map reading, navigation and direction is the basis of the game. Along with that, players must also find resources and build areas to stay protected.

Minecraft: In this game, maps are used to show geographical population distribution as well as different biomes and how they affect plant life. There is also a big focus on resource collection and usage to create your world.

Where on Google Earth is Carmen Sandiego: Google Earth has created a two-game series called Where on Google Earth is Carmen Sandiego. There are two different games, [The Crown Jewels Caper](#) and [The Tutankhamun's Mask Caper](#). Playing as Carmen Sandiego, it's up to you to track down the world's greatest super thief. Can you recover the stolen loot using famous city landmarks around the world as clues?
